

# APPS ASSOCIATES IT STAFFING SOLUTIONS

If you have a complex IT project that requires hard to find skills or you have an ongoing program that needs expertise that you don't have in your team, Apps Associates has a staffing solution to help you. Occasionally, a vital employee will move on to a new role and you'll need a temporary backfill, or a company acquisition will result in an IT integration problem that you can't solve alone. Now you can turn to Apps Associates Staffing. We provide the following services:

- Temporary staffing required only for the duration of the project
- Specialist, hard to find skills for permanent or temporary hire – For example – "Oracle Process Manufacturing" Oracle Architect or Oracle Business Analyst
- Application support
- Application enhancement and customization
- Supplemental project management staff

Getting started couldn't be easier:

1. Email [Staffing@appsassociates.com](mailto:Staffing@appsassociates.com)
2. Complete the staffing request form at [www.appsassociates.com/staffing](http://www.appsassociates.com/staffing)

## Why Apps Associates?

- Apps Associates deploys our own staff who are well trained employees with hard to find skills together with external contractors.
- Speed – You can rely on Apps Associates for a quick turnaround to respond effectively with the right person with the right skills to meet your needs.
- Competitive rates
- Oracle experience and knowledge
- Apps Associates has a trusted, well-known local pool (or network) of experienced resources
- We match client requirement with candidate skills through a rapid, but intensive screening process.

## Benefits

Each staff member we place is supported by our seasoned delivery team. Our staffing placements are never on their own at a client site. We've got their back. Apps Associates also provides an extensive online systems and knowledge base to support the consultant working on your project.
