

APPS ASSOCIATES SERVICES FOR ORACLE EPM (ENTERPRISE PERFORMANCE MANAGEMENT) CLOUD

World class Financial Management solutions that run in the cloud are now affordable for all size organizations. These applications are designed to

- improve forecasting and budget accuracy
- streamline the accounting close
- consolidate and report financial results

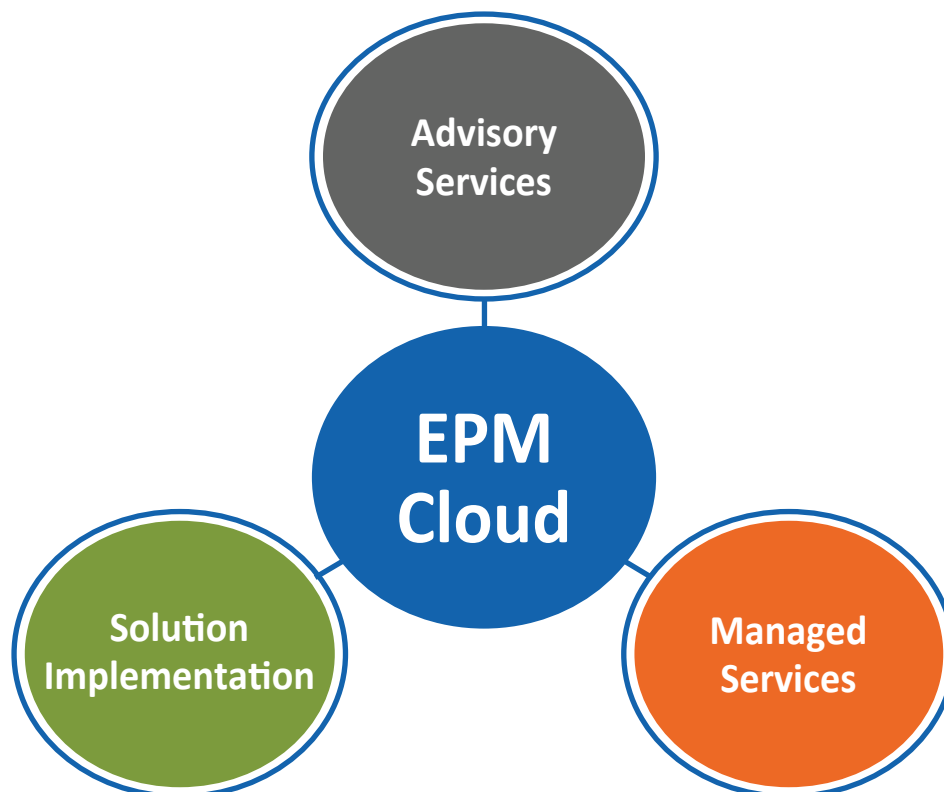

Apps Associates can help your finance organization take advantage of low cost, easy to deploy, best practice, cloud based solutions such as Oracle's EPM Cloud.

Oracle EPM Cloud

Oracle EPM Cloud is a suite of software modules such as Planning and Budget Cloud Service (PBCS) and Financial Consolidation and Close Cloud (FCCS) that enable companies of any size to drive predictable performance and report with confidence.

Apps Associates Services for EPM

Apps Associates can help you with advisory services, application implementation, and post implementation managed services.

Advisory Services

Apps Associates has helped so many organizations to improve financial management using Oracle applications that we are very well positioned to provide advice and guidance in strategic areas such as:

- Financial Close & Consolidation strategy
 - Standardize and automate your close
 - Consolidate complex businesses quickly
 - Integrate multiple ERP systems into a single, consistent consolidated view
- Financial Planning
 - Improve data quality and plan visibility
 - Escape from Excel hell
 - Automate your forecasts with simple business based drivers
 - Enable role based enterprise planning
 - Integrate Analytics across ERP and planning systems
- Financial Reporting strategy
 - Rationalize & streamline multiple reporting platforms
 - Understand what reporting tools work best for different audiences
 - Uncover actionable insights
 - Structure your chart of accounts to accommodate multiple financial needs
- Internal controls and Compliance for Cloud Financials
 - Implement Role based segregation of duties for Cloud Financials
 - Automate application controls in the cloud
 - Deploy best practice IT controls for cloud based solutions
 - Automate & streamline your account reconciliation process

Solutions

Apps Associates experienced consultants design and implement the following Oracle Applications:

- Oracle Planning & Budget Cloud Service (PBCS)
- Oracle Financial Consolidation & Close Cloud (FCCS)
- Oracle Account Reconciliation Cloud Service (ARCS)

A key element of application implementation is user adoption. All our implementations include the change management and training to ensure a smooth transition and universal adoption of the new solution and Apps Associates has helped many customers to achieve this.

Managed Services:

Even SaaS applications deployed in the cloud need to be managed. Problems may arise that need to be resolved, regular software updates introduce new features and capabilities that you will want to take advantage of and users will need training and help to maximize the return on your investment.

Apps Associates's cloud managed services include:

- Cost effective problem resolution support
- User adoption and training
- Release Management to ensure smooth rollout of software updates
- Enable new features for continuous innovation
