

ExpediteClose AP

Accelerated Month End Close for Oracle Cloud with RPA

No Errors, No Hassle, No Human Intervention: ExpediteClose AP is an automated approach to month end close for the Oracle Cloud Financials (Accounts Payables module). With easy to deploy, error-free automation, generate a bot-led month end close process that is repeatable and easy to implement.

How Does it Work?

Expedite Close AP leverages UiPath to enable the following automations:

- Enables single or multiple ledgers to Close in one shot
- Performs Operations: Validation, Review, Final Close
- Executes a list of Concurrent Jobs to enable AP Close for each operation
- Displays all executed jobs on the form with its respective status updated in Real Time
- Generates Automated Emails for exception reports, output, log files and also status of the Jobs (Success/ Error)
- Authenticates based on Oracle Cloud User/Role

What Value Does it Bring to my AP Close Process?

- Single place for an AP User to perform all close related activities
- Saves time and facilitates a faster close cycle
- Automates the email of logs and output files for quick review
- Creates a one-click option to close out multiple ledgers as opposed to requested separate submission
- Inexpensive and easy to implement

Highlights of Robotic Process Automation

- Avoid human errors and reduce human efforts
- Save time and improve productivity, accuracy, and consistency
- Enhance business analytics and allow for easy standardization of workflows
- Provides a frictionless delivery of tasks
- Reduce costs
